

Greetings

Welcome to Dessau !

**Edgar Hellmann
Main Breed Warden – ADRK**

I would like to give the warmest welcome to all exhibitors and visitors! For many years the Club Show is one of the largest and most important Rottweiler exhibitions worldwide. I am especially pleased that we again have a very high number of entries of more than 450 dogs! This number of entries again shows the importance of our ADRK Club Show. Surprisingly there are a number of entries from many countries around the world, giving the event a special energy and patriotism!!

Dear Rottweiler friends, such an event should not only serve to show off existing breeding potential, but also be a place for friends and lovers of our breed from all countries to come together to share experiences. Victory should not be the only success, but to even make a friendship that could be cultivated and maintained.

The BG Dessau has assumed major responsibility for implementing this club show. The team led by Daniel Kemp should be thanked here again! I'm know the organization is in great hands!

Dear exhibitors, breeders and lovers please enjoy the days in Dessau with many like-minded people that stay true to the "ROTTWEILER" breed.

Edgar Hellmann
ADRK Main Breed Warden
